Involvement:

Some of the events I was involved in from the beginning of my tenure are as follows; Winter formal (bus supervisor and decoration), Casino night(Blackjack dealer), Wellness week(pancake making), Augustana Got Talent (backstage supervisor), Off-Campus Supper (collecting tickets and serving food). I also assisted some of the executives and council members.

Constituent:

As required, I reach out to my constituents and ask for their opinion on what they would like the ASA to do better for them. I have had discussions with classmates and club members which were helpful. During this shutdown in school, I am reaching out to my constituents by make good use of my virtual office hours and other social media platforms.

Personal Goals:

The goal of ASA is to better the need of students using the executives and council members. As a council member, it gives me an opportunity to develop leadership skills by organizing and carrying out school activities. In addition to planning events that contribute to school spirit, I am

also the voice of my constituent. This has given me the opportunity for more work collaboration and learning possibilities.

Initiative:

My initiative for this semester is to make the ASA provide job listing opportunities for Augustana students with the help of the career services in Augustana but unfortunately, I was not able to complete this task before the shutdown and I hope this initiative can be continued for next semester.

Committee Membership:

As a member of the Awareness Committee, I helped in setting up wellness week for last semester and the election promotion. For this year's wellness week, I would be helping to promote the virtual wellness week so that students will still get the presence of the ASA during this shutdown.

Conclusion:

It has been a beautiful experience and an opportunity for working with everyone. Goodbye and know my best wishes for all of you.

Thank you,  
Mariam.
