

SECOND YEAR REPRESENTATIVE

To: The Augustana Student Body
From: Mariam Ayinde, Second Year Representative
Re: Fall AGM Report
November 25, 2019

Key points

- Involvement
- Constituent
- Obstacles encountered
- Goals
- Committee Membership

Involvement:

As a new member of the ASA, I have involved myself in some activities on campus to create more experience for me. I go to clubs (insIDE Club and Afri-Youth) and take part in voluntary events (Campus Ambassador). I attended ASA events such as Off-Campus supper, Augustana Got Talent (AGT) and also assist the Awareness committee to set up events (wellness week). In addition to these, I always go for the Council Meeting held every Wednesday.

Constituent:

Most of the involvements I do is to reach out to my constituents and ask for their opinion on what they would like the ASA to do better for them. I have had discussions with classmates and club members which were helpful.

Obstacle Encountered:

So far events and meetings have been organized smoothly, but I discovered that when something is not announced or talked about in the meeting, it is quite difficult to get across the message without misinterpretation. This can be improved by discussing and announcing important information in the meetings.

Goals:

The goal for ASA is to better the need of students using the executives and council members. As a council member, it gives me an opportunity to develop leadership by organizing and carrying out school activities. In addition to planning events that contribute to school spirit, I am also the voice of my constituent. This has given me the opportunity for more work collaboration and learning possibilities.

Committee Membership:

I am part of the Awareness committee and we have been planning for the wellness week which is ongoing (25th to 29th Nov.). There was a schedule created for executives and other council members to assist with the wellness week. I helped at the first event of the week(pancake breakfast) which went so well. We look forward to the rest of the events this week and we hope it goes perfect.
